

Technical Specification

Pressing Power	2 Tonnes
Cycle Time	20 Seconds
Overall Dimensions	Width = 718mm Height = 1756mm Depth = 630mm
Transport Height (optional)	1400mm
Loading Aperture	Width = 535mm Height = 490mm Depth = 460mm
Approximate Weight of Machine	140kg
Power Supply	1.5 kw Motor Single Phase 13 Amp
Noise	72 decibels
Maximum Bale Size	Width = 535mm Height = 600mm Depth = 460mm
Bale Weight	Up to 40kg

- > Can be sited outdoors
- > Single Phase – plug & play electrics
- > Hydraulic Operation
- > 2 tape tie system
- > Bale Ejection Trolley

220-240v, Plug - 13amp
single phase, MCB if fitted
Cat C or above.
