

BM75 Twin

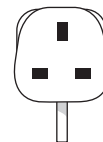

Twin Chamber Mini Baler

Technical Specification

- > Can be sited Outdoors
- > Single Phase – Plug & Play Electrics
- > Hydraulic Operation
- > Additional Chambers Available
- > 2 tape tie system per chamber
- > Bale Ejection Trolley

Pressing Power	3.5 Tonnes
Cycle Time	35 Seconds
Overall Dimensions	Width = 2050mm Height = 2005mm Depth = 872mm
Transport Height (optional)	1500mm
Loading Aperture	Width = 700mm Depth = 500mm
Approximate Weight of Machine	562kg
Power Supply	1.5 kw Motor Single Phase 13 Amp
Noise	72 decibels
Maximum Bale Size	Width = 700mm Height = 1000mm Depth = 500mm
Bale Weight	Up to 75kg

220-240v, Plug - 13amp single phase, MCB if fitted Cat C or above.
